MINISTERS, POLITICS

M. E. PREACHERS DECIDE THEY SHOULD GUIDE MEMBERS ON LIQUOR ISSUE

Revs. Clyde Monroe Crist, E. O. Thayer, Hunter Van Brink and S. B. Warner of Glendale attended the weekly meeting of the Methodist Ministers' Association of Southern California, of which Rev. Crist is president, yesterday. The dominant question before the meeting was in regard to the propriety of ministers of the gospel taking part in politics, especially in the way of endorsing candidates for office. Most, if not all, of those present favored the affirmative of this question and the association went on record as indorsing Edwards of Redlands for U. S. Senator. The keynote speech on this subject, if such it may be called, was made by Rev. Chas. H. Scott, formerly pastor of the Glendale First M. E. church. First declaring that the liquor interests have wormed their way into the news columns of the daily press through paid agents and are trying to fool the public concerning the dry laws, he continued:

"This is a serious menace. We find the columns of our newspapers filled with news from one side of this question, and with practically nothing from the other side. The reason is obvious. We do not furnish the news, and unless we furnish the facts, no matter how fair the newspapers may be, they cannot do other than print the news carried to them by the press agents of the liquor interests. It is foolish to say that the newspapers are bought. They cannot be bought. But news can be carried and it is time the church should spend its money for the right kind of advertising and awaken to the fact that the right kind of news can be put over if we are only wide enough awake to carry it to the proper channels. I am for the newspapers, but I believe in aiding them to give us the right kind of news instead of leaving that to the interests that would becloud the public mind as to the real issues involved in the coming election."

Rain Was General

Yesterday's rain was general over the Southland and the greatest precipitation was in Los Angeles, .55 of an inch. Pomona was next with .43, then Pasadena with .40 and Glendale with .35. San Diego alone reported only a trace. This rain was the fag end of a storm which struck the northern part of the state three days ago and traveled the entire length of it. Eureka, near the northwest corner, has had an unusually heavy rainfall thus far, a little more than 7 inches. This rain will have the effect of ending the recent period of general "cold catching," which nearly always results from a long, dry spell.

To Attend Luncheon

Mrs. Mattison B. Jones is invited to attend a luncheon at the Mary Louise tea rooms, in Los Angeles tomorrow, to be given by Miss Mary Foy, of Pasadena, in honor of Senator Phelan's sister, Miss Mary Louise Phelan. Senator Phelan keeps open house when in Washington, and Miss Mary Louise acts as his hostess.

BRINGS SWINDLER

MALCOLM M'LAREN COMING FROM NEW YORK WITH "BIG HUTCH"

Malcolm McLaren of 303 North Jackson started home from New York yesterday, according to a telegram sent his wife, having in custody E. A. Hutchings (Big Hutch) the "Bunko King," for whose person a fight has been waged for months by Los Angeles and New York City authorities. District Attorney Woolwine is with Mr. McLaren to see that no attempt is made to rescue the prisoner en route by a legal process, as he has shrewd attorneys in his employ. The party is expected to arrive in Los Angeles Saturday.

Hutchings is charged with having swindled a rancher named Norris of quite a sum of money in a bunko game. He was arrested, but before he could be brought to trial he was extradited by New York authorities, for a similar crime committed there. Woolwine went to New York and made a legal fight for the custody of Hutchings, which was successful, but he is not sure he can hold on to him so resourceful has he proved himself in the past.

SENATOR PHELAN

HE SPOKE TO A FAIR AUDIENCE IN GLENDALE LAST NIGHT

While last night's rain was most welcome to everyone, it considerably interfered with the attendance at the meeting addressed by United States Senator James D. Phelan in the High School auditorium. But the distinguished speaker was enthusiastically welcomed by those of his supporters present and given the best of attention throughout. The meeting was opened by the singing of "America" and then Col. Thornton introduced Mrs. Mattison B. Jones as president of the "Women's Phelan for Senator Club" of Southern California. Mrs. Jones referred to the fact that she had attended the sessions of the U. S. Senate for two weeks last year and had noted that Senator Phelan was always in his place and was always alert to California's interests. She then presented the Senator to the audience.

He spoke for about 45 minutes and dwelt with about equal stress on the Japanese question, the tariff and the League of Nations. He placed before his hearers some facts about the dominance of the Japanese population in many sections of the state and stated that in the districts thus practically controlled by them, their children attended the day schools furnished by the state and community, and then flocked to the night schools, where only the Japanese language and Japanese principles were taught. He had no word of abuse for this industrious people but showed that the two races could not assimilate, and that the long hours of labor put in by the Japanese and their utter disregard for the need for recreation and sanitation, made their presence in large numbers seriously detrimental to the white race.

Senator Phelan supported the Wilson view of the meaning and probable effect of Article 10 of the League of Nations, contending that it would not bind this country to go to war in defense of European members of the League when such might be attacked.

One-man Cars Damaged

Two of the one-man cars of the Glendale & Montrose Railway were put temporarily out of commission yesterday, one on the Eagle Rock line about 3 o'clock and the other one of the Montrose cars. The rain caused it all by short-circuiting the wires and starting a blaze in the roof. Quite a hole was burned in the top of each car, but the damage will be repaired and the cars put to work again by this afternoon, the agent reports. The accident to the Montrose car happened while it was standing in front of the station, the other between here and Eagle Rock.

EGG PRICES

ALREADY HIGHER, WHOLESALE, THAN RECORDED LAST OCTOBER

Eggs are retailing now from 85c to 90 cents a dozen and many think this is the highest they ever paid in Southern California. But W. H. Verity of 511 West Broadway, who keeps his records very carefully, says that while the highest wholesale price in October last year was 77 cents, this year it is already 78 and the indications are for much higher prices in this month as stocks held in storage are many thousands less than at this time last year.

In November of last year the highest price recorded was 81 cents, and the same was true of December, but this was only during the first few days of that month and then they began to recede. Many predict a retail price of $1.00 a dozen this year and a wholesale price of 90c, as production is much less so far than it was up to this time last year. San Francisco has already recorded a wholesale price of 89 cents this month.

According to statistics kept last year the cost of producing a dozen eggs in November was $1.25, owing to the unprecedented high cost of feed. There has been a slight relief in this direction this year but not enough to notice.

Funeral of G. H. Bailey

The funeral of G. H. Bailey of 700 South Verdugo, whose death was noted in yesterday's Evening News, will be held in the Little Church of the Flowers tomorrow, 2 p. m., Rev. W. E. Edmonds officiating. Interment will be in Forest Lawn cemetery.

DENTON PROBE PROGRESSES

NEW WITNESS STATES DENTON WAS KILLED AFTER A QUARREL WITH "SPANISH WOMAN"

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 19.—That Jacob C. Denton, wealthy mining man, was murdered in his home after a quarrel with a woman known as "the Spanish woman," early on the morning of June 2, was the information given the district attorney's office here today in a signed statement from a witness whose name is being withheld, it was learned authoritatively.

The district attorney's informant, who claims to have been present in the house at the time of the murder, was said to have denied any part in the events which led up to the murder.

Neither Chief Deputy District Attorney Doran, nor Raymond I. Turney, his assistant, would disclose the name of the witness.

Detectives were checking up the details of the statement.

According to the apparently authentic statement, Denton quarreled with the "Spanish woman" in a room on the lower floor of the Denton home. The actual murder, shown to have been caused by strangulation, according to the coroner's verdict, followed a heated discussion.

The district attorney refused to reveal whether the witness was a man or a woman, but admitted that the informant had no actual part in the crime according to the witness' statement.

COAL QUESTION SERIOUS

COAL STRIKE APPARENTLY OVERSHADOWS THE IRISH QUESTION; PARLIAMENT IN SESSION

(Special Service to Glendale Evening News)

LONDON, Oct. 19.—The way to renewed negotiations in the nation-wide British coal strike was opened today by Wm. Brace, labor member of parliament. Brace suggested a new plan for settling the controversy in a speech shortly after the opening of parliament.

LONDON, Oct. 19.—The British Parliament went directly to the coal strike problem when it convened for the fall session today.

Sir Robert Horne, president of the Board of Trade, placed the coal case before parliament in a speech reviewing negotiations with miner leaders. Labor leaders were scheduled to reply following Horne's speech.

Although Premier Lloyd George was present, he was not scheduled to speak today.

The coal crisis has apparently overshadowed the Irish question, which was put over until Wednesday. Leaders in Parliament today admitted that the Irish and coal situations were two of the gravest problems ever confronting a session of Parliament.

FARMERS MAY LOSE $2,500,000,000

SECRETARY MEREDITH CHARGED THAT FARMERS ARE BEING DENIED CREDIT BY BANKERS

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 19.—Secretary of Agriculture Meredith today charged that farmers are being denied needed credit by bankers who are favoring luxury producers, in a speech before the American Bankers' Association Convention. Over 3000 bankers from all parts of the country are attending.

Meredith said the farmers will lose $2,500,000,000 if they are forced to market their crops at present prices. The point at issue, Meredith said, was the question whether farmers will be afforded such credit by local banks as will enable orderly crop marketing.

WAR ON ORGANIZED BASEBALL

(Special Service to Glendale Evening News)

CHICAGO, Oct. 19.—A new war on organized baseball was believed likely today as the result of the action of eleven major league baseball clubs in adopting a new baseball charter abrogating the present national agreement. The owners were said to be prepared to form a new league of twelve clubs if the other five American League clubs refuse to join the new agreement.

REVOLUTIONARY ARMY CONGREGATES

(Special Service to Glendale Evening News)

VERA CRUZ, Mex., Oct. 19.—Armed revolutionaries have congregated in two towns in the State of Pueblo, according to dispatches received here today. Three thousand men under the leadership of a former Carranza general are reported to have gathered and sworn to prevent General Obregon from assuming the Presidency of Mexico.

CHICAGO BANK MESSENGER ROBBED

(Special Service to Glendale Evening News)

CHICAGO, Oct. 19.—Three masked bandits secured $20,000 in cash and $50,000 in negotiable paper when they held up Carl Mauerer, bank messenger, here today.

THE NEED FOR HOMES

TOURISTS COMING BY THOUSANDS, HOW CAN THEY BE ACCOMMODATED?

There are problems of business and problems of government to tax the ingenuity of trained workers, but the most perplexing problem now confronting any people or set of people is that before the citizens of Southern California of housing the thousands upon thousands of tourists pouring in by train and auto. Most of them stop first in Los Angeles, then, finding it impossible to secure places of abode there for what they can afford to pay, they try the suburban towns, especially Glendale, for they have heard of its beauties, its wonderful scenic surroundings and its marvelous building record. But here as elsewhere they find every house and every shack as well as scores of garages, occupied by families and there is not a place that can be secured. And still they come. Rents are so high that many prefer to build even though they really intend to remain only for the winter. And quite a number of our own people who have sold their homes or who, as renters, have been forced to move into apartments because the places they had been renting were sold, have decided to put up some kind of a shelter they can call their own to live in until they can build a real home. Glendale needs 500 new homes before December 1st, and it could use 1000 or more, probably, if they could be erected in that time. Pasadena, like Glendale, is aroused on this question, reporting that 10,000 people, many of them Canadians fleeing from the rigorous winter of that clime, are booked for that city alone, besides multiplied thousands for other places in the Southland.

Attend Legion Banquet

James F. McBryde and wife went to Puente Saturday night to attend a banquet given by the American Legion Post of that place. The chairman of the 9th Congressional District caucus, the State Executive, and a Spanish-American War veteran, Mr. Mueller, were also guests of honor. The banquet was on especially fine one, gvien in a beautifully decorated hall, Mr. McBryde said. He gave an account of the doings of the National convention at Cleveland, Ohio, as the representative of the Puente Post as well as all the other Posts of the 9th Congressional District, and this report was very satisfactory to them. All the other guests of honor, including Mrs. McBryde, gave short talks. also. After the banquet and speeches, a Spanish dancer and a soloist, entertained the gathering for a time.

EVENING OF MAGIC

AMERICAN LEGION ENTERTAINMENT TONIGHT ONE OF RARE MERIT

The people of Glendale, and of nearby towns as well, have become so used to expecting something extra high class in the way of entertainment from the American Legion that everybody is looking forward eagerly to tonight's program of mystery and magic. And in addition to the wonderful array of talent in this line, composed mainly of legerdemain artists of many years' experience now retired and living in Los Angeles, there will be some fine music by the new American Legion band of 25 pieces, before and during the entertainment. The proceeds of the evening will be devoted to providing uniforms for these band boys, that they may make a fine appearance before the public when they are giving forth the fine music they are so capable of producing.

In former days it was considered a rare treat to attend an evening performance in magic given by Hermann, Kellar, Cooke or others nearly as famous, but in this instance nearly a dozen such will be seen all in the same evening, and each in tricks that seem impossible of performance. There's Cooke, England, Thayer, Morrow, Arnold, Hughes, Glynden, Ribalt, Lewins and our own Homer Miller. All these to be seen for one price of admission tonight at Palace Grand.

People are going in crowds tonight to see this wonderful performance, not only to assist the American Legion boys in their laudable enterprise of providing a handsomely uniformed band of splendid musicians for the city of Glendale, but because they know they will spend an evening of rare enjoyment.

AUTO TURNS OVER

SKIDS ON WET HIGHWAY, ROLLS OVER THREE TIMES, KILLS ONE, INJURES THREE

L. G. Scovern's ambulance was summoned to Newhall yesterday afternoon about 2 o'clock by news of a fatal auto accident. When he arrived at the fatal spot, which was half a mile this side of Newhall, he found that B. A. Fulmer of 1233 West 39th Place, Los Angeles, had been instantly killed, R. M. Hults, owner and driver of the auto, badly injured, and two other occupants, J. T. Hults and G. A. Brownell, less seriously hurt. Mr. Scovern conveyed the body of Fulmer to his undertaking establishment and then took Mr. Hults to his home, 1233 Lake street, L. A. He was very seriously injured internally and chances for his recovery are slight, Mr. Scovern thought. The other two men were able to ride home in an auto sent for them. Brownell had three ribs and one shoulder broken.

The accident was caused by the machine skidding on the wet pavement when Mr. Hults sought to turn it back into the road it capsized, rolling over three times. Mr. Fulmer was caught under the body of the car and crushed to death. Mr. Hults was caught under the steering wheel.

The funeral of Mr. Fulmer will be held at the Scovern parlors tomorrow or next day.

Prefers Glendale

Mrs. L. B. Rambeau of 122 West Lomita avenue, and her mother, Mrs. A. E. Kindleberger, who lives with her, returned one day last week from a visit in San Diego with Tom Getz and family, who live on the ranch made famous as Ramona's marriage place. Mrs. Kindleberger passed her 81st birthday anniversary while there and it was royally celebrated in the Getz home. Mr. Getz came back with Mrs. Rambeau and her mother and enjoyed a brief visit with them. He tried hard to induce Mrs. Rambeau tochange her residence to San Diego, as she had formerly made her home there, but she said the beauties of Glendale so appealed to her that she did not care to make the change.

Favor Amendment 12

Several Glendale young people who are students at the University of California have written letters to their home people and to the home paper urging a favorable vote on Amendment 12 at the coming election. Miss Gladys B. Hamilton is one who has written of the wonderful work that is being done at the University and the cramped conditions under which it is being accomplished and asks for the passage of this amendment.

Birthday Dinner

Mrs. M. E. Lucas, 323 West Palmer avenue, gave a birthday dinner Sunday, in honor of her seventy-sixth birthday. Among those present were Dr. P. O. Lucas and family; Dr. W. D. Lucas and wife, and Rev. H. S. Munger and wife, the latter of Eagle Rock. Rev. Munger was formerly pastor of the Central Avenue M. E. church. Mrs. Lucas was the recipient of a very large and beautiful birthday cake, several presents and hosts of congratulations.

FROM MICHIGAN

MURPHY FAMILY AND MR. MARKHAM ARE NOW LOCATED IN GLENDALE

William P. Murphy and family and A. Markham are among the late arrivals in Glendale. They drove through from Michigan, coming to this part of the country in the hope that the mild climate would benefit the health of Mr. Murphy's little daughter. After visiting friends in Burbank for a few days they located at 115 East Eulalia street. Mr. Markham and Mr. Murphy have already gone into business here, having established a transfer business with headquarters at 110 West Broadway.

Mrs. A. R. Spindler of 634 Howard wanted to find a good home for her cat, so, of course, she advertised the fact in the Evening News. She ordered the ad in yesterday for three days, but about 6:30 she called up the office and begged that the ad not be run any longer. She had already been called over the phone 13 times about it and was nearly exhausted. She says Evening News ads certainly get quick results.

THURSDAY AFTERNOON, OCTOBER 21

3:30 to 5 o'clock

Senator Phelan will speak briefly at 3:45 o'clock. Members of the Woman's Committee of Southern California for Sentor Phelan for re-election, hostesses.

LAVINIA GRAHAM TIMMONS, Ex-Secy.

Mrs. Henry McDonald, of Los Angeles, is visiting Mr. McDonald's parents, 414 West Broadway, while he goes east on a business trip. Mr. McDonald is with an Auto Company in Los Angeles.

G. P. Wilkins and wife, who recently sold out their poultry stock at San Fernando Road and Colorado, and discontinued the business, have moved into their residece property at 406 Salem street.

Yesterday was another fair average day for building permits. Six residences, one addition to a residence, one store building and four garages were authorized and the total valuation was $21,640.

H. J. Eggers, contractor, who has already built 13 new residences in Glendale, some for customers and some for himself, to sell, is just starting his 14th. It is of six rooms at 519 East Wilson avenue and is to cost $2300.

G. P. Felts, of Chambers & Felts, Hudson and Essex dealers, is moving from 201 West Windsor Road to Hollywood. This is only temporary, Mr. Felts says, as he intends to build a home in Glendale later and return here.

New residences that will be completed and ready for occupancy within the next few days are those of J. M. Prime at 312 North Isabel; A. R. Trautwein, 210 North Isabel; G. E. Thomas, 339 Milford; W. E. Mercer, 809 East Wilson avenue.

A. P. Torrey of 810 East Harvard was harvesting his sweet potato crop, some very large-sized white yams, Saturday. He moved into the property too late to start a lawn this year so decided to put the ground to use in his way. The yield as well as the sweet potatoes, was very large. Mr. Torrey was a railway mail clerk for 28 years and has just been retired on a pension. He cannot settle down into inactivity after so many strenuous years so he is utilizing his spare time in gardening.

The Los Angeles Chamber of Commerce has a housing committee which is always on the job and it is besieged constantly with house hunters, most of whom complain that they cannot pay the exorbitant rental prices asked. The housing committee is now refusing to list rooms and apartments where the rentals are considered extortionate. An effort is being made to buy or borrow some of the buildings at Camp Kearney to bring to the city to provide homes at moderate rentals for those unable to pay more.

Mrs. D. B. Gilchrist, of Rochester, N. Y., is visiting at the home of her parents, Mr. and Mrs. S. A. Trowbridge, 437 Burchett street. Mrs. Gilchrist's husband, after seeing service as a captain of field artillery, was appointed librarian to the American commission at the peace conference and is now holding a similar position at the University of Rochester. The Gilchrists hope to make Glendale their home in the near future.

EVEN GROWTH

GLENDALE'S BUILDING NOT IN SPOTS, BUT SPREADS OVER ENTIRE CITY

A noticeable feature of Glendale's unexampled building activity is the fact that it is confined closely to the city itself. While some fine homes have been built in the immediate suburbs and a very few in the new subdivisions, literally hundreds of vacant lots in the heart of the city as well as in the borders have been built upon. Naturally, the lower prices of lots in the city's outskirts have stimulated building there, as, for example, the section west of Pacific avenue between Broadway and the Wash, but the higher priced lots in what might be called the close-in sections, have not gone begging. The marvelous increase in home building has been consistent, that is, no one section has had an advantage in this. And such a condition speaks well for continued growth and prosperity. The $10,000 homes are not clustered all in one spot but are to be found east, west, south, north and some away up in the foothills. We have no aristocratic section and no slum section either, for that matter.

To Smoke or Not

Some objections have been made to the orders prohibiting smoking at any time in all the rooms at the City Hall, some but not many of them from employes. They really have no ground for complaint, however, when they consider the rule in force in Long Beach prohibiting all city employes under civil service rules from smoking either on or off duty. Such a provision is really in the civil service rules but some of the city officials favor disregarding that part of it referring to smoking while off duty.

Rainfall Figures

The rain of yesterday afternoon and last night amounted to .35 of an inch. This makes the season's total .41. At this time last year it was 2.73 inches.

Dr. A. L. Bryant and wife are now living at 1635 South San Fernando Road, having moved there from 516 North Maryland avenue.

C. C. Cooper, 302 North Central avenue, is expected home tomorrow from a three weeks' trip to Omaha and Lincoln, Nebraska, and other points.

Mrs. James B. McEnany of 206 W. Elk avenue has returned from a several weeks' visit with her brother, Dr. L. Neal Rudy, in New York City, Mrs. McEnany says she is a decided optimist, but she cannot speak hopefully of conditions in the East, or for that matter, in San Francisco, where she spent several days. Reconstruction after the war is bringing problems which are not met as well in the East and Middle West as in Southern California, which profits by the shifting of capital from there to here.

C. W. Calkins celebrated his forty-third birthday Saturday night with a dinner party, given by Charles T. Shattuck and wife, at their home. A lovely four-course dinner was served. Among those present were: E. O. Keifer, F. G. Griffith and Mr. Calkins, the guest of honor. After dinner, the party returned to the home of Mr. Calkins, where they found a large party of friends had gathered, to congratulate him. The evening was spent in games and dancing. An elaborate supper was served. Mr. Calkins received a number of elegant presents, among which was one of Alfred's large ice-cream birthday cakes.

OAKLAND, Cal., Oct. 19.—The distinction of being the youngest entrant ever registered at Mills College didn't particularly impress Constance Hagan. Constance, the 13-months-old daughter of City Attorney Hugh L. Hagan, chewed on a tiny thumb and wept lustily while her application blank was being filled out by Registrar Louisa P. Johnston. She is scheduled to enter with the class of 1936. The infant's mother previous to her marriage was for six years a member of the Mills College faculty.

Lloyd Geo. as Smuggler

(By United Press)

LONDON. (By Mail.)—Lloyd George lived up to his reputation as a "Welsh wizard" when he returned from Lucerne.

He managed to smuggle home with him as far as No. 10 Downing Street a dog—not a "pom" or a "peke," but a St. Bernard, standing about three feet high.

Despite the regulations governing the matter of bringing a dog into the country, Lloyd George somehow managed to fool them all until he had got his new pet ensconsed in a comfortable armchair before the domestic hearth.

Then came the moment of reckoning. The Board of Agriculture snatched the dog away, declaring it must spend the usual six months in quarantine and follow all the laws laid down for any John Smith's dog. Whereupon Lloyd George bid his canine friend an affectionate "au revoir" and settled himself down to being a law-abiding citizen.

The British Premier is a dog-lover. He used to have a little black pug named "Zulu" and he still has a Welsh terrier "Cymro." The newcomer is a St. Bernard about eight months old, and was purchased from a shepherd at the Rhone Valley. At a station Captain Guest saw the dog and called Lloyd George's attention to it. In a few minutes the owner was presented to the Premier and the St. Bernard sat up and offered a paw. The Premier immediately made the shepherd an offer. The bargain was closed.

And now both master and dog are waiting patiently for the six months' quarantine to expire.

Caller—I saw your mother going to a neighbor's as I crossed the street. Do you know when she will be back?

Bill—Yes, ma'am, she said she would be back as soon as yo uleft.

A pessimist complains that the more a man is civilized the more cleverness he develops in being crooked.

SAN FRANCISCO, Oct. 19.—Shipments of fresh fruits from California to other markets in 1920 lacked only a few cars of being 4000 cars more than were shipped during the same period in 1919, according to the monthly comparative statement issued by the California Fruit Distributors. To date more than 25,000 cars of all deciduous fruits have been shipped out of the state. Of grapes there were over 14,500 cars of grapes. The immense demand for wine grapes has brought fortunes to California growers.
